## Overview

White Rock Wind Farm Community Fund aims to share the benefits of White Rock Wind Farm by investing in the communities around the wind farm. The Funds are intended to provide financial support for community-based initiatives, projects and events that produce lasting community benefit and reflect local priorities.

The Community Fund targets a range of community needs including health and social welfare, safety, environment, education and youth, sport and recreation, culture and heritage, arts and economic development.

Each year the WRWF Community Consultative Committee may consider quarantining a percentage of the WRWF allocated funding for future major projects or initiatives that would deliver a sustainable legacy with lasting benefits to the local economy, community or natural environment.
