

Community Invited to Have Their Say in Emmaville

Council is inviting Emmaville residents to attend a Community Information Session on:

- Monday, 5 May 2025
- 5pm to 7pm
- Emmaville War Memorial Hall, 93 Moore Street.

The session will provide an opportunity for the community to learn more about Council's future plans, long-term financial sustainability, and a proposed Special Rate Variation (SRV). Attendees will be able to ask questions and speak directly with Councillors and key Council staff.

This session is part of the Shaping Tomorrow engagement campaign aimed at gathering community feedback to help inform Council's long-term planning and decision-making.

If you can't make it to the Emmaville session, additional face-to-face sessions will be held in Glen Innes and Deepwater, and a series of Virtual Information Sessions will also be available. The first online session will take place on Tuesday, 6 May 2025, from 5:30pm to 7pm, and will be recorded and made available on Council's Have Your Say platform.

SHAPING TOMORROW

May 2025 Grants & Funding

Council is pleased to share a range of current funding opportunities available for community groups, businesses and infrastructure projects.

These grants are designed to support local growth, innovation and development, helping to bring valuable initiatives to life in our region. Each listing includes a link to the official program website where you'll find full details on eligibility, application requirements, key dates and other important information.

We encourage you to carefully review the guidelines to ensure your application aligns with the funding criteria. Best of luck with your submissions we look forward to seeing these opportunities contribute to a thriving community!

Upgrades to CCTV Systems in Glen Innes

Council will soon commence significant upgrades to local CCTV infrastructure in Glen Innes to help improve safety and peace of mind in the community. This includes upgrades to the existing system in the town centre and the first-ever installation of CCTV at ANZAC Park.

The project is scheduled to begin between late May and early June and will include the installation of 16 new high-definition cameras across four streetlight poles located between the Bourke Street and Meade Street intersections - four cameras per pole - significantly expanding coverage across the central business district.

In addition, 13 new cameras will be installed around the perimeter of the Town Hall, with the building's existing CCTV system upgraded to a 32-channel network featuring advanced activity flagging capabilities to assist with efficient footage review.

Temporary Road Closure Strathbogie Road / Martin Street Glen Innes

Strathbogie Road / Martin Street will be temporarily closed to all traffic between Derby Street and Tuttles Lane from:

7.30am Wednesday 7 May 2025
to 4.00pm, Friday 9 May 2025

This full road closure is required to undertake essential heavy patch repair works. A full closure in both directions will be in effect, with traffic control in place. A signed detour will direct motorists via Tuttles Lane, Gwydir Highway and Derby Street.

Council appreciates the community's cooperation as we work to improve local road conditions.

For upcoming road closures, please visit the [Roads page](#) on Council's website.

Got a road issue?

Contact our Infrastructure Customer Service team on (02) 6730 2371 or at roads@gisc.nsw.gov.au. A reminder, the Roads On Call number is just for after-hours emergencies.
